

Agile Business Consortium Code of Practice

Our Values

Innovation and Learning over the status quo

Inspiring leadership over conservative management

Collaboration and Autonomy over hierarchical control

Customer focus over self interest

Acknowledging that: while there might sometimes be a time and a place for the items on the right, the items on the left (in bold) should be our default focus

Code of Practice

Act in the best interest of organisation, customer, client, partner

- *Not gaining personal advantage from sensitive or confidential data*
- *Work in away that supports our organisation's objectives and reputation*
- *Develop confidence and relationships through trust and respect*

Respect for all

- *Lead by example – support and help develop others*
- *Respect physical and mental well being*
- *Encourage and recognise achievement*

Positively impact society

- *Equality in diversity, inclusion and opportunity*
- *Consider the needs of all stakeholders*
- *Challenge behaviour not in line with these values*

Open, honest, and trustworthy behaviours

- *Responsible and account for actions*
- *Behave with personal integrity*
- *Be truthful and transparent in communications*
- *Comply with relevant laws and regulations*

Develop knowledge and competence with CPD

- *Pursue excellence*
- *Continue to develop personal knowledge and capability*
- *Know when to seek help*

Uphold values and reputation with our professional body

- *Promote our values and Code of Practice*
- *Maintain values and Code of Practice*
- *Comply with reasonable request from us*
